– BOTTLED BY QUINTA AND VINEYARD BOTTLERS VINHO S.A. – VILA NOVA DE GAIA  
19,5%**

**VISUAL ANALYSIS:** it is limpid, the colour is ruby with garnet reflexes and with a good structure.

**OLFACTORY ANALYSIS:** the wine is offering a certain number of odorous sensations with varied characteristics such as blueberries, cherries, grape marmalade, mushrooms, vanilla and red rose.

**GUSTATIVE ANALYSIS:** good softness, light alcoholic dryness, not so much salivation and great structure. A very well balanced wine.. The gustative persistence is about 7 seconds.

**WINE-FOOD COMBINATION:** sipping wine

**MY PERSONAL OPINION:** a respectable and appreciable sipping wine.
