**VISUAL ANALYSIS:** limpid, ruby red and quite flowing.

**OLFACTORY ANALYSIS:** cherries, vanilla, pink rose and mahogany.

**GUSTATIVE ANALYSIS:** there is a valid alcoholic dryness, an important astringency note and a bitterish tendency of the tannin at the final. The gustative aromatic persistence is about 5 seconds.

**WINE-FOOD COMBINATION:** Kangaroo loin with bok choy salad

- The succulence of the kangaroo is counterbalancing the astringency note of the wine
- The sweet tendency of the kangaroo meat is counterweighing the bitterish tendency of the wine
- The salivation produced by chewing the kangaroo loin is countervailing the alcoholic dryness of the wine
- The structure of the recipe is equalizing the structure of the wine
- The olfactory-gustative persistence of the recipe is matching to the intense aromatic persistence of the wine
