

**ACQUA VITAE – GRAPPA DI ALEATICO – FATTORIA DI FUBBIANO 40% 500 ML**

**Grappa da vinacce fresche distillate con metodo artigianale discontinuo da Nannoni**

**Prodotto e imbottigliato da Nannoni Grappe SRL, Paganico (GR), Toscana, Italia**

**At the visual analysis**, it demonstrates to be limpid and intense as usual for a spirit.

**At the olfactory analysis**, the olfactory bouquet is composed by herb, hay, mint, sage, strawberries and vanilla. The perfumes are all clear, neat and limpid.

**At the gustative analysis**, the alcoholic sensation is not so strong and there is a consistent space for the strawberries, herb, hay and sage flavours.

**At the retro-olfactory analysis**, when the spirit gets in contact with the palate, everything gets more weak and soft and the retro-olfactory sensations express strawberries and herbs flavours. The alcoholic sensation remains as a crisping touch on the top of the tongue. Its gustative aromatic persistence is about 20 seconds.
