This bright and balanced single malt is matured for 12 years in Oloroso sherry and bourbon casks before mellowing in oak marrying tuns.

Malt Master Brian Kinsman

OUR ORIGINAL

12 Years Old has a special place in our Malt Master's heart. Our original and definitive whisky, and the world's most iconic single malt. Always matured in Oloroso sherry and bourbon casks for at least 12 years. Always married in oak tuns for depth and balance.

VALLEY OF THE DEER

Glenfiddich means Valley of the Deer in Gaelic; a Scottish valley perfect for making malts. Robbie Dhu spring water flows here, adding freshness, the backbone of our whisky. The cool microclimate ages our malts slower, bringing depth and smoothness.

PROUDLY INDEPENDENT

We are family-owned and run, five generations and counting. Family is personal and powerful; an independence that lets us set our own standards and write our own rules. Our founding family defied doubters in 1887. We're still proudly forging our own path today.

William Grant & Sons Limited

The Glenfiddich Distillery, Dufftown, BAnffshire, Scotland.

Skilfully crafted, drink responsibly.

At the visual analysis, it demonstrates to be brilliant and intense as usual for a spirit; as regards the chromatic tones, it is gold color with straw yellow highlights.

At the olfactory analysis, the nose is intense and complex, and the perfumes, which compose the olfactory bouquet, are all clear, neat and limpid. As the description of the olfactory sensations, it is possible to identify caramel, honey, wood, toasted wood, varnish, medicine, soap, talc, banana, coconut, plum, rum banana cream, yellow peach, vanilla, curry, soap, talc and chamomile.

At the gustative analysis, alcoholic sensation in the central part of the tongue and slight salivation in the lateral areas; the final is with flavors of banana, coconut and plum.

At the retro-olfactory analysis, the alcoholic note remains consistent and easily noticeable, but not so stable in the sense that the intensity is not strong as at the beginning; the retro-olfactory sensations are summarized with just a dominant flavor, represented by a lovely bitter sensation.

The gustative aromatic persistency is about 36/37 seconds.

MARIDAJE: Tasting Meditation

OPINIÓN PERSONAL: interesting bouquet at the nose, but almost pure alcohol at the taste level, with a strange and easily perceptible salivation; at the gustative analysis, some fruit aromas are released in correspondence with the nose but unfortunately are not confirmed in the retro-olfactory exam, where the final aroma is the respectable and dominant bitter sensation, as to suggest a meditative tasting with just the whisky.
